To Whom It May Concern:

Vincent Village Inc. is in support of St. Joseph Missions, a new transitional housing program for homeless adults in the Ft. Wayne area. As we are a family only shelter, we do not accept single adults. In meeting with the Ft. Wayne Homeless Planning Council, we are well aware that all shelter beds are full in the City and we are in need of additional emergency and transitional beds for homeless adults.

We look forward to collaborating with St. Joseph Missions as they come along side other agencies serving various homeless populations so that we can best insure we provide adequate beds for the high need of individuals with no housing options.

Please feel to contact me with any questions you may have regarding housing needs in Ft. Wayne.

Sincerely-

Denise Andorfer  
Executive Director

*A strategic and lasting solution to family homelessness.*
